Early November, the Elgin Chamber of Commerce and the library are teaming up to head to OK Kids Korral in OKC. The Chamber will be providing a meal and the library will donate some books, provide a story time and simple craft. This will be each entity's third time to be there in the last few years.

The things listed on the flyer are their most needed items. If you can donate anything, the library will be a drop off point during the month of October.

OK Kids Korral (Toby Keith Foundation) is a state of the art facility built for children undergoing cancer treatments and their families. Everything is provided free to the families that are staying there.

They have laundry facilities, a movie room, a huge indoor play room, a small library room, a chapel, and a large patio and yard for when the weather is nice.

There have been several families in our area that have benefited from this facility. This is just a small way for us to show our support.

If you have any questions, please feel free to contact Leslie at the library.
